

Financial Information for Patients

Introduction

Thank you for considering attending Bourn Hall Clinic for your fertility treatment. This information sheet details the fees for the treatments available.

In order to make the pricing of your treatment as clear as possible we have organised our prices into Treatment Packages and detailed what is included in each package.

The costs detailed are valid from 01 January 2018 however we reserve the right to alter prices in exceptional circumstances. Treatment is subject to our standard terms and conditions (Page 11).

Treatment of infertility includes a wide range of possibilities and we hope to have included most of them within our price list. Should you have any queries on the cost implications of your treatment, or any comments on how we can improve this information pack, please contact the Patient Services Finance team as below:

	Terms & Conditions of Treatment at Bourn Hall Clinic	11

1 Fertility Assessments	Package price (Per couple)	
	Mini £400	Full £800
Semen Analysis	✓	✓
Ovarian Reserve Blood Tests	✓	✓
Pelvic Scan	✓	✓
Medical consultation (30 minutes)	✓	
HyCoSy		✓
Blood tests (Rubella, Chlamydia and Progesterone; if required)		✓
Medical consultation (60 minutes)		✓

2 Consultations	
Initial or full consultation with Consultant Gynaecologist / IVF Specialist	£200
Review consultation with Consultant Gynaecologist / IVF Specialist	£200
Consultation with Andrologist	£250
Fertility Health and Wellbeing Consultation (30 minutes) with Consultant Gynaecologist	£90
Appointment cancellation – no refund will be due unless at least 2 working days' notice of cancellation is received.	
Appointment rescheduled – 50 % of consultation fee is payable unless at least 2 working days' notice of rescheduling is received.	

3 Ovulatory Stimulation and Monitoring Treatment Package	£900
Three treatment cycles	Pregnancy ultrasound scan
All trans-vaginal scans	Follow-up consultation (if taken within two months of treatment completion)
Nurse discussion	
Pregnancy urine test	

4 Intra-Uterine Insemination (IUI) Treatment Package	£900
Medical and nursing care	Pregnancy urine test
All in-treatment laboratory tests and procedures	Pregnancy ultrasound scan
All scanning costs	Follow-up consultation (if taken within two months of treatment completion)
Insemination procedure	

5 In-vitro Fertilisation (IVF) Treatment Package	£3300
Medical and nursing care	First year storage
All in-treatment laboratory tests and procedures	Embryo transfer
All monitoring and scanning costs	Pregnancy urine test
Cyst aspiration (if required)	Pregnancy ultrasound scan
Local anaesthetic or Intravenous sedation (for egg collection procedure only)	Follow-up consultation (if taken within two months of treatment completion)
Egg collection	Counselling
<i>In the event that the treatment cycle is cancelled before egg collection takes place there will be a refund of £2650</i>	

6 Frozen Embryo Transfer (FET) Treatment Package		£1800
Medical and nursing care	Pregnancy urine test	
All in-treatment laboratory tests and procedures	Pregnancy ultrasound scan	
All scanning costs	Follow-up consultation (if taken within two months of treatment completion)	
Thawing of embryo(s)		
Embryo transfer		

7 Sperm Retrieval		
Surgical sperm retrieval – PESA or TESE (includes cost of GA if required)		£2000
Micro-TESE		£3500

8 Treatment with Donor Gametes and Embryos		
Donor Sperm		
Family Reservation Fee (per 5 ampoules of donor sperm)		£1000
Donor sperm (per vial used)		£600
Purchase and administration costs for transfer of reserved donor sperm to another UK licensed centre (per vial)		£700
Donor Eggs		£2950
Donor Embryos		£1500

9 Egg and Sperm Donor Programmes

9.1 Egg Share Providers	
Receive the IVF treatment package (see section 5), drugs up to pregnancy test, ICSI and the HFEA registration fee free of charge.	
Fees are payable for the initial consultation and screening tests that are required to determine eligibility for this package of IVF treatment, please ask for further information.	

9.2 Egg Recipient		From £6250
Medical and nursing care	Pregnancy urine test	
All in-treatment laboratory tests and procedures	Pregnancy ultrasound scan	
All monitoring and scanning costs	Follow-up consultation (if taken within two months of treatment completion)	
Donor oocytes	Counselling	
Fertilisation with IVF		
Embryo transfer		

9.3 Sperm Sharers	
Receive the IVF treatment package (see section 5) and the HFEA registration fee free of charge.	
Fees are payable for the initial consultation and screening tests that are required to determine eligibility for this package of IVF treatment , please ask for further information.	

9.4 Altruistic Egg / Sperm Donors

Altruistic egg and sperm donors are entitled to claim compensation for visits to the clinic in accordance with HFEA regulations.

10 Egg Freezing and Embryo Transfer

Stimulation, monitoring, egg collection and egg freezing		£3900
Medical and nursing care	Local anaesthetic / Intravenous sedation	
All in-treatment laboratory tests and procedures	Egg collection	
All monitoring and scanning costs	Egg freezing (including first year of storage)	
Cyst aspiration (if required)	Counselling	
Embryology and embryo transfer		£2350
Egg thawing	Pregnancy ultrasound scan	
Fertilisation with ICSI	Follow-up consultation (if taken within two months of treatment completion)	
Embryo transfer		
Pregnancy urine test		

11 Semen, Egg and Embryo Storage

Semen freezing of three ejaculates up to a maximum of 12 ampoules of sperm, including three semen assessments	£600
Storage of semen for second and subsequent years and part thereof (annual fee)	£350
Storage of eggs for second and subsequent years or part thereof (annual fee)	£350
Initial freezing/administration fee for suitable spare embryos	£600
Storage of embryos for second and subsequent years or part thereof (annual fee)	£350
Administration charge for preparing frozen gametes or embryos for transfer to another UK clinic	£100
Administration charge for preparing frozen gametes or embryos for transfer to an overseas clinic	£200

12 Scanning Packages

Pelvic ultrasound scans for Bourn Hall patients outside of treatment	£120
Non-treatment pelvic ultrasound scans package (three scans) – ovulatory monitoring	£300
Early pregnancy / viability scan (6 – 12 weeks) including report and up to 5 black and white prints	£80
Reassurance, Gender and Growth Scan (12 weeks to term) including report, up to 5 black and white prints and a CD of images. Gender scans may be performed from 18 weeks onwards.	
Singleton	£115
Twins	£150
3 & 4D Scan Bonding Experience including report and DVD of 3D images.	
Singleton	£125
Twins	£150

13 Additional Treatment Costs

Additional costs			
HFEA registration fee – per cycle of IVF/ICSI	£80	HFEA registration fee – per donor insemination	£37.50
Anaesthetists fee	£300	Hysteroscopy	£800
Local anaesthetic / intravenous sedation	£150	Endometrial scratching	£350
ICSI	£1150	HyCoSy	£400
IMSI (including ICSI)	£1350	Intralipid 20% infusion	£350
Blastocyst culture	£800	Surrogate consultation	£200
Preimplantation Genetic Screening (PGS) up to 6 samples	£2500	IVF with surrogacy (this includes a £500 non refundable deposit)	£5350
Preimplantation Genetic Screening (PGS) per additional sample	£200	IVF with surrogacy with donor eggs (this includes a £500 non refundable deposit)	£8300
Assisted hatching	£450	Blood tests and screening requirements	See 14
Ger+	£300	Drugs required for treatment	See 15
Eeva test	£550	Outpatient visit – Scan and E2 blood test (non Bourn Hall Clinic patients)	£200
Embryo Glue	£250		

14 Tests and Screening Requirements

The tables below detail the charges for the most frequently required tests and screening requirements. You will be advised at your consultation which tests you will be required to have. Test results from other sources may be acceptable – please bring them to your consultation for review.

Occasionally additional tests may be required; if this is the case you will be informed of any fee prior to the additional service being carried out.

14.1 Bacteriology/Virology/Immunology	£
HTLV 1 & 2	53
HIV	53
Hepatitis B Surface Antigen	53
Hepatitis B Core antibody	53
Hepatitis C	53
Rubella	40
APCA	40
Toxoplasmosis	45
Semen culture	60
High vaginal culture	60
Cervical swab culture	60
Lupus anticoagulant	85
Phospholipid antibodies	75
Cardiolipin	85
Cytomegalovirus (CMV)	100
TORCH screen	135
Syphilis (VDRL/TPHA)	50
Chlamydia (blood test)	100
Chlamydia (urine test)	50
Gonorrhoea (urine test)	50

14.2 Andrology	£
Semen assessment	130
Sperm antibody test	130
Sperm DNA fragmentation test	420

14.3 Haematology/Biochemistry	£
Full blood count	40
Blood group	40
Blood cross match	40
Haemoglobin	40
Sickle-cell screen	80
Glucose	40
Fasting insulin	40
Prothrombotic screening	590
Recurrent miscarriage profile	812

14.4 Cytogenetic/Cytology	£
Chromosomes – blood	300
Cystic fibrosis screen	200
Karyotyping/cystic fibrosis/Y-deletion (together)	600
Y-deletion test	180
Cytology cyst fluid (per sample)	200

14.5 Endocrinology/Hormone Tests	£
AMH (anti-Mullerian hormone) test	100
FSH (follicle stimulating hormone)	40
LH (luteinising hormone)	40
Prolactin	40
Estradiol (E ₂)	40
Progesterone (P4)	40
Beta-HCG	40
Androstenedione	70
Testosterone	60
DHEAS	70
SHBG	60
Thyroxine (T4)	40
TSH (thyroid stimulation hormone)	40
T3	40
Cortisol	40

15 Drug Costs

Please note: the cost of drugs is additional to the treatment cycle costs.

We routinely check our prices against those of other suppliers to ensure that our prices remain competitive.

Intra-Uterine Insemination (IUI) 1 cycle	From £300

Patients purchasing drugs from Bourn Hall Clinic will receive a comprehensive drug teach, a sharps bin, needles and syringes and disposal of these after treatment, free of charge.

Although the above prices were correct at the time of printing Pharmacy prices are subject to change without notice.

If other products are required check with the Pharmacy for prices.

16 What if I don't complete treatment?

It is sometimes necessary to discontinue treatment for medical reasons. Under these circumstances we may refund/partially refund your treatment costs or discount your next treatment cycle.

Here are the most common examples of our refund or discount rates. Please note that we do not refund any of the costs relating to the pre-treatment procedures or drugs.

16.1 In-vitro Fertilisation (IVF) Cycle

If an IVF cycle is discontinued on the advice of a Bourn Hall consultant, for medical reasons after stimulation has commenced but before the egg collection procedure we will refund you the full cost of the IVF Treatment Package less £650. This is to cover the cost of administration and nursing care up to this point. Once the egg collection procedure has commenced no refund will be made.

If your IVF treatment is halted on the advice of a Bourn Hall consultant, for medical reasons prior to transfer of your embryos, necessitating the freezing of the embryos created in the treatment cycle, the cost of the first frozen embryo transfer will be reduced by 50%.

16.2 Blastocyst Culture

In the event that the blastocyst culture fails prior to the transfer of the embryos we will refund you the blastocyst fee.

16.3 Geri+ / Eeva plus Blastocyst Culture

In the event that a day 2 or day 3 embryo transfer is recommended we will refund you the blastocyst fee.

16.4 Intra Uterine Insemination (IUI) Cycle

In the event that insemination does not take place, on the advice of a Bourn Hall consultant due to a medical reason, we will refund you the cost of the IUI Treatment Package. In the event that insemination does not take place due to a non-medical reason we will refund you 50% of the cost of the IUI Treatment Package.

16.5 Frozen Embryo Transfer (FET) Cycle

If an FET cycle is discontinued on the advice of a Bourn Hall consultant for medical reasons, before thawing, we will refund you the full cost of the FET Treatment Package.

If embryos fail to thaw or cleave, there will be a 50% refund of the Treatment Package fee.

16.6 Donor Sperm

Sperm donors are permitted to create a maximum of 10 families. In order to help you achieve your family we reserve a maximum of 5 (five) ampoules of sperm for you from your chosen donor. We recommend that same gender couples who both wish to have treatment using the same donor consider paying two reservation fees to reserve 10 ampoules of sperm.

If your treatment using donor sperm is unsuccessful, either after IUI or after all frozen embryos created from the use of donor sperm are used, the 'sperm reservation' charge will be refunded.

16.7 Egg Share Programme

A minimum of 8 mature eggs are required to enable egg sharing to take place. Should the monitoring scans indicate it is likely that less than 8 mature eggs will be collected the egg share provider has the option to transfer to a self funded treatment cycle. If egg collection proceeds with the expectation of sufficient mature eggs being obtained but subsequently there are insufficient mature eggs obtained to enable sharing to occur then the treatment fees paid by the egg share recipient will be refunded and Bourn Hall Clinic will bear the cost of the egg share providers' treatment cycle.

16.8 Egg Freezing

If eggs are collected, but none are successfully frozen, we will refund the full treatment package fee.

If there is no subsequent embryo transfer, we will refund the full embryo transfer package fee.

16.9 Embryo Donation

If you are not accepted onto the embryo donation programme or decide not to proceed with treatment the donated embryo reservation fee will be refunded in full.

If your treatment with donated embryos is discontinued for medical reasons, or if the embryos fail to thaw or cleave, the treatment fee will be refunded in full. We do not refund any of the costs relating to the pre-treatment procedures or drugs.

17 Fees and Payment Details

Comprehensive financial information is provided at your first consultation.

A general guide to when payments are due is shown below:

Activity	When payment is due
Consultation; any tests carried out in the Clinic (e.g. semen analysis or blood test)	Some consultations and tests are payable at time of booking; all others are due on the day of the consultation or test
Treatment package + HFEA Registration Fee	Before or on the commencement of the treatment cycle
Screening tests and/or investigations additional to the treatment package	Before or on the commencement of the treatment cycle or on the day the test is advised and agreed
Additional treatments during the treatment cycle (e.g. ICSI or Blastocyst culture)	On the day the decision is made to include the additional treatment
Collection of drugs from Pharmacy	At the time of collection
Arranging drug delivery by a homecare provider	On placing the order

All assisted conception treatment cycles are required to be registered with the Human Fertilisation & Embryology Authority (HFEA). The HFEA charge a registration fee that becomes due at the start of a treatment cycle.

Payment may be made in full by debit or credit card, or bank transfer. Credit card payments are accepted over the telephone prior to treatment.

We accept most major credit or debit cards and bank transfers.

For bank transfers please contact the Patient Services team at your local Bourn Hall Clinic.

Please see the Terms & Conditions of Treatment at Bourn Hall Clinic (Page 11)

Refunds

Any refunds due will be paid once the Patient Services team has received confirmation of the change of treatment from the medical staff.

Refunds will be made by card (but only to the card used for the initial payment), bank transfer or cheque.

Terms & Conditions of Treatment at Bourn Hall Clinic

Version 7 valid from June 2018

1. Place and Time of Payment

Payment must be received by Bourn Hall Clinic on or before the first day of any treatment cycle. Payment should be in sterling, we accept most major credit or debit cards and bank transfers.

2. Place of Treatment

Unless otherwise agreed between the parties, treatment shall take place at Bourn Hall Clinic. Bourn Hall Clinic will not give advice, assistance or treatment outside the United Kingdom except by prior agreement.

Where patients attend Bourn Hall Clinic having begun treatment, or taken advice elsewhere, Bourn Hall Clinic accepts no liability whatsoever for the consequences of that treatment or advice and gives no warranty that such treatment or advice was properly given.

3. Duration

The Terms & Conditions shall apply for so long as the patient(s) are undertaking any treatment which is recommended by and directly under the supervision of the staff of Bourn Hall Clinic.

4. Jurisdiction

The proper law for the construction of this agreement is the law of England and Wales and the parties hereby irrevocably agree that all disputes, claims, complaints, issues and proceedings arising out of treatment, assistance and advice given at or by Bourn Hall Clinic shall be subject to the exclusive jurisdiction of the Courts of England and Wales.

The Parties hereby agree that all claims for injury, loss or damage connected with or arising out of the advice, assistance and/or treatment given at or by Bourn Hall Clinic shall be subject to the laws of England and Wales and the exclusive jurisdiction of the Courts of England and Wales, howsoever that injury, loss or damage shall be said to have been caused and whatsoever the cause of action raised.

5. Frustration

In the event that it shall be impossible or unlawful to embark on, continue or complete an agreed course of treatment or provide a service substantially the same as that agreed, neither party shall, after the event giving rise to the impossibility or illegality of performance, be liable for further performance of the agreement, always provided that the impossibility or illegality does not result from a breach of the terms of this agreement by either party.

6. Withdrawal

In the event that the patient shall unreasonably refuse to accept or follow advice given by any employee or agent of Bourn Hall Clinic, either party may withdraw from the terms of the agreement to provide advice, assistance and treatment and treat itself as discharged from its terms, provided always that the withdrawal be communicated in writing and that reasons for that withdrawal be given.

7. Privacy

Bourn Hall Limited is the data controller for patient personal data processed as a result of patients requesting and/or receiving advice, assistance and/or treatment from Bourn Hall Clinic. Personal data will be processed as set out in the 'Your Personal Data' privacy notice or any other specific privacy notice provided to the patient. Patients must inform Bourn Hall Clinic if there are any updates to their personal data relevant to their treatment.

8. Definitions

"Bourn Hall Clinic" shall mean any Company that is a wholly owned subsidiary of Bourn Bioscience Limited, including, but not restricted to Bourn Hall Limited.

"the patient(s)" shall mean the person or couple seeking advice, assistance and/or treatment from Bourn Hall Clinic.

"Advice, assistance and/or treatment" shall have the meaning necessary for their context and shall be defined by reference to the services from time to time offered by Bourn Hall Clinic.
