**The most
affordable
way to start
and protect
your IVF**

Nader, Gaia Founder & CEO

We've been where you are, and so we created what we wished we had.

Our founder, Nader AlSalim, experienced the ups and downs of IVF firsthand when he and his wife conceived their son on their 5th cycle of fertility treatment. He created Gaia to give anyone who wants a family a chance to try, along with the experience he wished he'd had.

Start for less

Don't pay the full cost of your IVF upfront. Pay a simple protection fee to start your cycle, and we'll pay Bourn Hall and your pharmacy on your behalf.

Protection, if you decide to stop

If you don't have a child after three cycles, you don't have to repay any of your treatment costs. If you decide to stop before 3 cycles without having a child, only pay a fraction of your cycle costs.

Fixed cycle costs

We fix the cost of your IVF cycle, including medication and unlimited transfers, so that when you have a child, you know exactly how much you will repay.

All bills handled with Bourn Hall

We pay all your invoices directly to Bourn Hall so that you can focus on your treatment.

We give you flexibility on your journey ahead. Whatever the outcome.

You pay a simple protection fee to start your cycle. We fix your costs upfront and include medication and unlimited transfers and pay Bourn Hall on your behalf.

-  If you have a child, repay your fixed cycle costs in flexible monthly payments for up to 8 years.
-  If you don't have a child in 3 cycles, you don't have to pay for your IVF treatment.
-  If you decide to stop after 1 or 2 cycles, we'll discount your cycle costs.

How we compare

	Gaia	Loans	Multicycle packages	Refund packages
Fixed treatment costs with medication	✓	✗	✗	✗
Reduced upfront cost	✓	✓	✗	✗
No treatment or medication costs if no child after 3 cycles	✓	✗	✗	✓
Discount if you stop after 1 or 2 cycles	✓	✗	✗	✗
Only pay for the cycles you complete	✓	✓	✗	✗
Membership support and community	✓	✗	✗	✗

“We were so excited to hear about Gaia when we attended an open evening at Bourn Hall Wickford. They put fertility treatment in reach for people who thought they had no possible way. We’re so glad we found Gaia!”

Sarah, Gaia Member at Bourn Hall
