

Bourn Hall Clinic Colchester

Bourn Hall Clinic is conveniently located on the Severalls Business Park immediately off the A12 on the outskirts of Colchester. The building has been specifically adapted and fitted out for fertility treatment and offers a warm welcome to patients in this friendly and intimate clinic.

Our clinic is in a dedicated and discreet building designed specifically with fertility patients in mind, providing space and time away from a busy hospital environment. Everyone working with us is entirely focussed on the needs and sensitivities of Bourn Hall Clinic patients.

By Car

From the A12 heading north, take the A1232 signposted to Colchester (north). From Ipswich travel south on A12 and take the first Colchester exit A1232.

Follow signs at this roundabout for the A & E Hospital round the roundabout to the slip road back onto the A12. Just before the dual carriage way begins, bear left onto Colchester Business Park. Head straight across a small T-junction at which you have priority and Charter Court is the first set of buildings on your left. You should see the Bourn Hall signs quite clearly.

There is ample free parking behind the clinic which is reached by turning left at the first roundabout in Newcomen Way.

By Train

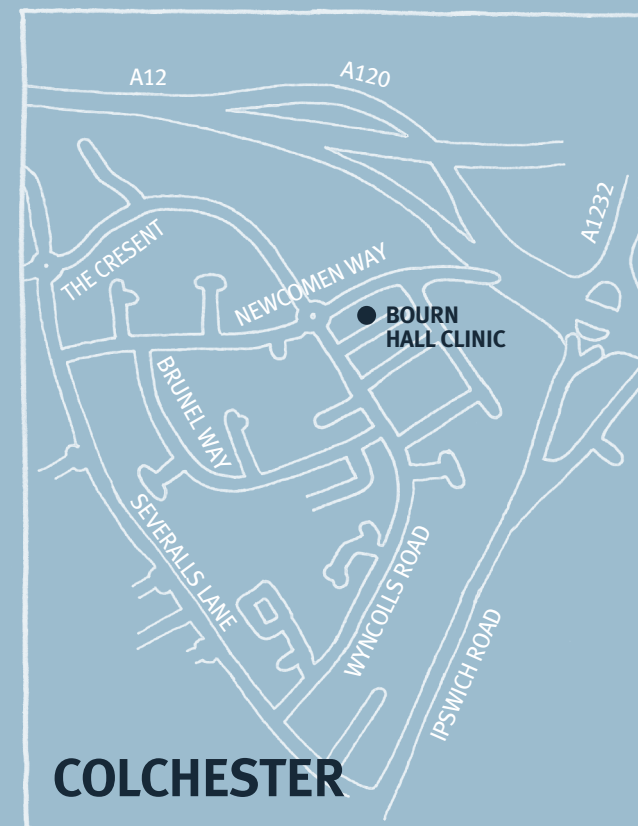

Colchester North Station is on the main line from London Liverpool Street to Norwich, and is approximately a 1 hour train journey away from either. The clinic is a 15 minute taxi ride from the station.

By Air

Stansted Airport is 35 minutes by car on the A120.

There is ample free parking at all of our clinics
